

GENERAL TESTIMONIES FROM AFRICA PRAYER COVENANT

I. LEADERS COMMITMENT AND PERCEPTION ON KIDS' PC

Reverend Rufus Reeves of St. Simon Baptist Church Monrovia, LIBERIA.

We thank God for you guys lives. I seems to me and I do believe strongly that is the Lord that brought you here. Because I personally am in need. People can only pray for their physical needs and youth and kids as their parents

them, supply, they didn't show any interest for prayer and you can imagine their spiritual lives.

I was looking for a new way to minister children so they will understand and develop a prayer life and praying a Christ centered Prayer and live in obedience for Christ. Even today, I went to some place to try to initiate a regular meeting with children. But I tell you, I don't really know with which tools I should minister to them to achieve the burden that I have. So welcome Prayer Covenant!

I am Reverend Maurice AKAKPO from TOGO. I make request to have and use Prayer Covenant booklet in the new church I am planting now because I know the concept of Prayer

Covenant when I got the kids' card and used it for 40 days. Since then, I recommend it strongly to any Pastor that wanted to develop his church. My church have adopted it and children find joy to be able to pray as well as adult.

Prayer Covenant is very helpful for families and individuals. We embraced it here in Sierra Leone. We think it is simple to minister kids in schools as all accept that Prayer is important. Christian or not, Muslim or not, they

know that Prayer is important. And as we ask them to pray, they don't have opposition. And this is one of the best way to share Gospel in schools.

Sister Grace KODEKAO from Chad (in yellow dress, stand 4th by left)

In Chad, there are many churches even though we are in Muslim country. Glory be to God. And we church leaders thought that we know a lot about prayer. But we realized early through the launch of Prayer Covenant in August 2016 that Prayer is more than what we knew. There is an indescribable sensation anytime that we pray by following Kids Prayer Covenant guide lines.

The line “influence” reminds me personally that I was created for a purpose handled by my Creator.

I can see Leaders requesting Prayer cards and getting involve kids. One testimony I wanted to share is: in my personal center where I use Prayer Covenant with kids, something happened. There were two teenagers from the same family (14 and 16 years old). They two carried spirit of witchcraft for 9 years and were living with another kids disturbing them spiritually and nobody knows nor can imagine. But as we have started praying together that the Jesus Christ be the Lord of our lives and changes us any way He wants, these two children fell and the spirit had started manifestation. We deliver them that day from the spirit of witchcraft. Well we have to follow up the 16 one. But later on people testified that their family was restored.

It confirms me that this Prayer lines of Kids Prayer Covenant is so inspired and is powerful.

Pastor Joseph FINOU from TOGO

I discovered Kids Prayer Covenant while Pastor Elias had invited me for a revival time in his

church. I came there to revival people through teachings and prayer but I too came to revival.

Pastor Joseph FINOU from TOGO (right).

So when I have seen the book *the Power of the Prayer Covenant for kids* in Pastor’s office. He explained me a lot and I was ashamed of myself. I wish I could know this prayer guide before leading revival. Because I found that the manner of that prayer is so profound. After that, I have hosted in my church one session of Prayer Covenant training and I am now myself a Prayer Covenant leader in Togo and I am able to train people about that. In my church, my people are now praying consistently and committedly.

II. LIFE CHANGED TESTIMONIES

I am Nigerian Adeoye Prince, All Africa Baptist Youth Fellowship’s President, and I just have a small month experience with Prayer Covenant but in less than these 30 days, Prayer Covenant has affected positively my family. I met with Pastor Elias in Sierra Leone in August 2017 and was a part of his training session about Prayer Covenant.

The Lord has granted me of having from Pastor Elias (the Prayer Covenant Leader for Africa) the book: *The Power of the Prayer Covenant for Kids* and its booklet as well as Prayer Covenant booklets and cards.

Once I got back home, I have started using the prayer lines with my kids and has involved a sister of my local church to minister kids in the church with these prayer tools. It is unbelievable!

My daughter Wisdom (first born) who is 10 now has just been admitted to the boarding school. I am worried about the kind of life kids have in that boarding school. And my fear was increased by knowing that a Wisdom's formal one classmate who behaved so badly will be in that school too. How can I prevent my daughter from copying that classmate? One thing I miss in my Christian life is how to help my kids to have prayer life. So with Prayer Covenant, Wisdom has started praying by herself and even last time before I travelled, as she knew, she came and ask me: "daddy, can I pray for you", so she did. I am feeling so secure because Wisdom can pray by herself now and even she can have thirsty of prayer. As prayer is one of the strongest weapons that we have as Christians, I know my daughter will have successful Christian life in

boarding school. This is only possible through my connection with Kids' Prayer Covenant.

My name is SOKODE Kossi Franck. I am 9 years old. I live in Tabligbo TOGO. I was living in insecurity because my mind often struggles against evil spirit. It was like something follow me and want to attack me. I was looking for who can protect me from such a spirit. Well I am a Christian and used to pray. People didn't consider my concern. Even sometimes, my parents sent me back when I came to tell them what is happening again to me. I was feeling so unsecure and abandoned. But when our Pastor introduced the Kids' Prayer Covenant, I was committed and now, there is a peace in my heart. I think I was delivered from my problem.

My name is MAWUENA Emilie. I am 8 years old. My mom and I attend a church called "End time fire" in Togo. I had had a terrible fracture at my leg that could not be treated in all hospitals. We went to a special hospital and were treated. But I had difficulty to do certain works and movement. But with Prayer through Prayer Covenant. I am feeling comfortable. I think that the Lord has healed me.

I am LAWSON Pierre from Togo. I am 7 years old. I can't help stealing my mother's money anytime that I find ways. I understood through Prayer Covenant that I must obey God who hates theft. I pray for that and I steal no more.

III. KID'S PRAYER COVENANT AND THE GREATEST ORDER

1. Spreading of the Gospel

Pastor Sigbui from Togo. After been trained about Prayer Covenant concept. We have had a retreat where we went deeply in Prayer Covenant concept. What we love and encouraging the kids for is to challenge them to invite their comrades to church. Some are doing so and now we have number of new kids in the church. We pray to hold on and move faster. For us, Kids' Prayer Covenant is a great and easy way to evangelize kids. The concept helps us to have many kids in our new church that we planted in just a mile from us. To God be the glory.

one of his administration officer to understand more the vision of Prayer Covenant and after meeting, he has commended Prayer Covenant to children in the entire village to be used for their discipleship. So I gather kids weekly for discipleship and spread good news among them. I am not doing for my only church but this club is opened to many as can come. We feed kids sometimes.

Pastor Raymondo's area.

In Avedakpa region in GHANA, I, Pastor Raymondo continue to spread the good news among kids through Prayer Covenant. One day the chief of that village named Dzrakpa has sent
