USA MASS MEDIA CAMPAIGN

USA 2020 Opportunities and Beyond

Go2020

One of the most exciting projects for the coming year is Go2020, which is an unprecedented movement of Christians from around the globe praying and sharing Jesus with at least one person in the month of May (2020). Due to the successful distribution and outcomes being seen around the world, the resources for children have now been adopted for the Go2020 Kids Initiative. Because of the achievement in partnership, ministries believe we will be able to impact five million children within the United States by the end of 2020! Imagine the impact of five million prayer-saturated, multiplying disciples reaching family, friends and their communities, praying in power for God to work in people's hearts and minds.

The Prayer Covenant USA

NEW YORK and Beyond

Throughout the five boroughs of New York City, we have partnered with David Beidel, President of Saturate NY, who oversees outreach to 2,500 churches. His vision is to see one million children reached with the Prayer Covenant resources in 2020. We were able to provide him with over 200,000 Children's Prayer Covenant resources, and we hope to supply more in the coming year to reach more children. After New York, plans are in process to start outreaches in Philadelphia (Northeast) and in Denver (Midwest). As doors continue to open and we have the resources to provide, we will continue to expand out across our nation.

Jesus said, "Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these." –Matthew 19:14 NIV
