A Prayer Covenant Go 2020 Kids Africa Story

The original plan for Go 2020 Kids in Africa was to mobilize 1 million children across 31 nations where the Prayer Covenant for Children was active. Each child would be challenged to reach out to 20 students during May with a Prayer Covenant for Children Prayer Card that included the Gospel message, designed by the children, on the other side.

The Pandemic, of course, closed the schools and most to the actual "outreach" part of those plans had to be put

on hold until the schools open again. But prayer was mobilized with current numbers showing **700,000 participating** by praying for those they want to reach. And

new doors opened for G 2020 Kids to be active, like the radio

stations that partnered with the All Africa Baptist Youth Fellowship (21 denominations) to allow dai "on-air" prayer programs across 19 nations in multiple languages.

Kids. It represented the activity of just **one church in Togo on Go Day.**

Two days of prayer and fasting were observed on May 28 and 29.

Then on Saturday, May 30, children went to the streets to share the Gospel. Here's one report from Elias about Go 2020

- The experience of children spreading the Gospel was very fruitful as **22,004 evangelistic tracts** were distributed by the children **in our church in Togo during May 30 – Go Day!**
- It was an excellent experience for children to have the opportunity to be part of God's mission by sharing the Gospel.
- They were so excited as they first enjoyed praying for winning souls.
- They see themselves no longer as useless people to God.
- Many Christians, **especially youth and adults**, saw themselves as lazy as they saw children committed to share the Gospel

• This morning I got a voicemail from one Christian brother who found my number on the outreach cards that children gave out during Global Outreach Day. He confessed that he was very touched to see children committed to evangelism and he was impressed and edified by the tool of the Prayer Covenant for Children evangelism card.
